PROFILE

I am Filipe Coelho, a Software Engineer highly motivated to acquire new knowledge and experience in this field, aiming to build a solid career and engage in projects with real impact.

Throughout my academic journey, I faced various challenges that allowed me to develop skills such as responsibility, teamwork, adaptability, punctuality, and organization.

I consider myself a dedicated person, focused on continuous learning, eager to contribute actively within a team, and committed to demonstrating dedication in any project I undertake.

EDUCATION

BSc in Computer Engineering

Universidade Fernando Pessoa 2021-2025

RELEVANT ACADEMIC PROJECTS

MaisTRUST Project – Management of Sports Health Claims

Development of a web and mobile application for athletes to register and manage medical claims. Utilized Flutter and React.js for the frontend and Spring Boot for the backend, with SQL Server as the database. Included JWT authentication, dashboards, document upload, and reimbursement requests.

Distributed file sharing system similar to Google Drive

Distributed file sharing system (without web interface) featuring authentication, data synchronization between clients, update propagation via RMI (Observer pattern) and RabbitMQ (Publish/Subscribe), concurrent access management, and fault tolerance through server replication.

Other Projects

Several other projects on various topics were completed, including database administration, computer networks, and websites.

Other Experiences

Censos 2021

SKILLS

- Java
- SQL (pgSQL / T-SQL)
- C++(OpenGL / Arduino Core)
- C
- Flutter
- HTML
- CSS
- JavaScript
- React
- PHP (Laravel)

LANGUAGES

- Portuguese
- English

HOBBIES / INTERESTS

- Team Sports
- Hiking / Walking
- Music
- Movies / TV Series
- Going Out with Friends
- E-sports
